

# MARILYN STRICKLAND

CONGRESSWOMAN FOR WASHINGTON'S 10TH DISTRICT

**Advancing Health Equity through Interventions to Prevent and Address Housing**

**Instability:** Department of the Health and Human Services (HHS)

**Program Deadline:** December 13, 2024

**Description:** The purpose of this funding opportunity is to support research that advances health equity through development, testing, and evaluation of interventions that prevent and address housing instability. Applications responding to this Notice of Funding Opportunity should develop, test, and/or evaluate the impact of a housing intervention on both health and housing outcome(s). NINR is interested in applications that focus on social determinants of health (SDOH) interventions that modify housing opportunities and/or interventions that address housing instability as a social risk by addressing individual and/or interpersonal-level housing needs.

**FY25 Saltonstall-Kennedy Full Proposal Competition:** Department of Commerce (DOC)

**Program Deadline:** November 25, 2024

**Description:** The Saltonstall-Kennedy Act established a fund (known as the S-K fund) used by the Secretary of Commerce to provide grants or cooperative agreements for fisheries research and development projects addressing aspects of U.S. fisheries, including, but not limited to, harvesting, processing, marketing, and associated business infrastructures (see section IV, F; Funding Restrictions). Under this authority, grants and cooperative agreements are made on a competitive basis (subject to availability of funding) to assist in carrying out projects to expand domestic and foreign markets related to U.S. commercial and recreational fisheries.

**Energy Improvements in Rural or Remote Areas:** Department of Energy (DOE)

**Program Deadline:** August 28, 2025

**Description:** Rural and remote areas often have higher energy costs and burden, less resilient energy systems, and fewer alternatives for accessing clean energy compared with their urban counterparts. Furthermore, small communities do not always have the available time, money, or other resources to pursue clean energy options. This program serves communities of 10,000 people or fewer.

**Outreach of Interest: Partnerships for Aquatic and Watershed Restoration:** Department of Agriculture (USDA)

**Program Deadline:** February 7, 2025

**Description:** s intended to solicit responses to explore future projects meeting the needs and interests of potential partners through partnership agreements within legislative authority with USDA Forest Service. - USDA Forest Service is looking to address aquatic and watershed restoration needs and empower local communities and partners to assist with implementation of activities. Partnerships will help to address restoration needs through projects that support watershed restoration to improve water quality, improve aquatic organism passage, or improve efficiencies for aquatic restoration activities on lands managed by USDA Forest Service. The agency seeks to actively involve both new and current partners in restoration efforts.
