

FY 2023 – FY 2024 Pollution Prevention Grants: Environmental Justice in Communities, Environmental Protection Agency

Application Deadline: June 6, 2023

Description: Environmental Justice in Communities is to provide technical assistance to businesses (e.g., information, training, expert advice) on source reduction, also known as pollution prevention (P2). Grantees must demonstrate that the project will improve human health and the environment in disadvantaged communities by implementing P2 approaches. P2 approaches can help businesses reduce the use and release of hazardous substances that can harm human health and the environment while also saving money by reducing their resource use, expenditures, waste and liability costs.

Because P2 approaches can decrease harmful chemical exposures and impacts on human health and the environment in disadvantaged communities, EPA views these grants as a component of President Biden's Justice40 initiative, which established a goal for 40 percent of the overall benefits of certain Federal investments flow to disadvantaged communities that are marginalized, underserved and overburdened by pollution.

This grant is funded by the Bipartisan Infrastructure Law.

FY 23 Fostering Access, Rights and Equity (FARE) Grant Program: Department of Labor, Women's Bureau

Application Deadline: June 10, 2023

Description: The Fostering Access, Rights and Equity (FARE) grant program helps women workers who are paid low wages learn about and access their employment rights and benefits.

The 2023 FARE grant program recipients will undertake projects to assist marginalized and underserved women workers who have been impacted by gender-based violence and harassment (GBVH) in the world of work by building awareness, connecting women to federal and state workplace rights and benefits, and implementing worker and survivor-driven strategies to shift workplace norms.

BJA FY 23 Reimagining Justice: Testing a New Model of Community Safety: Department of Justice, Bureau of Justice Assistance

Application Deadline: June 20, 2023

Description: BJA's Reimagining Justice: Testing a New Model of Community Safety Program will invest in a collaborative network of community-based organizations and institutions as well as local non-law enforcement government agencies. This collaboration will address these increases in less serious/lower-level crimes through the delivery of coordinated programs and services in order to avoid any unnecessary criminal justice system involvement. This new community safety model will support the development of community-led responses to the needs and objectives of community leaders, residents, and other stakeholders through a community engagement process. This approach can include coordination with law enforcement entities, where appropriate, in order to focus on a locality or one or more neighborhoods.

FY 2023 – FY 2024 Pollution Prevention Grants: Environmental Justice Through Safer and More Sustainable Product, Environmental Protection Agency

Application Deadline: June 20, 2023

Description: The purpose of the Pollution Prevention Grant: Environmental Justice Through Safer and more Sustainable Products is to provide pollution prevention (P2) technical assistance to businesses (e.g., information, training, expert advice) in order to improve human health and the environment in disadvantaged communities by increasing the supply, demand and use of safer and more sustainable products, such as those that are certified by [EPA's Safer Choice program](#), or those that conform to [EPA's Recommendations for Specifications, Standards and Ecolabels for Federal Purchasing \(Recommendations\)](#).

EPA views these grants as a component of President Biden's [Justice40](#) initiative, which established a goal for 40 percent of the overall benefits of certain Federal investments flow to disadvantaged communities that are marginalized, underserved and overburdened by pollution.

This grant is funded by the Bipartisan Infrastructure Law.

FY23-SNAP-DATA: Department of Agriculture, Food and Nutrition Service

Application Deadline: June 27, 2023

Description: The purpose of the SNAP E&T Data and Technical Assistance (DATA) Grants is to support the development of State SNAP E&T data collection systems and processes, as well as enhance States' ability to critically review and analyze program services and outcomes for continuous program improvement. The entities eligible to receive grants under this competition are State and local agencies that administer SNAP.
