

MARILYN STRICKLAND

CONGRESSWOMAN FOR WASHINGTON'S 10TH DISTRICT

Youth Homeless Demonstration Program: Department of Housing and Urban Development (HUD)

Application Deadline: Accepting Applications through August 29, 2024.

Description: The purpose of the YHDP is to implement projects that demonstrate how a comprehensive approach to serving homeless youth age 24 and under can dramatically reduce youth homelessness. The population to be served by this demonstration program is youth experiencing homelessness, including unaccompanied and pregnant or parenting youth.

National Leadership Grants for Libraries (2025): Institute of Museum and Library Services

Application Deadline: Accepting Applications through September 20, 2024

Description: National Leadership Grants for Libraries (NLG-L) projects enhance the quality of library services nationwide by addressing critical needs in the library and archives fields. The program supports projects that build workforce and institutional capacity. The models, tools, research findings, services and partnerships resulting from these awards can be widely used, adapted, scaled, or replicated to extend and maximize the benefit of Federal investment to libraries and archives of all sizes.

Climate Smart Humanities Organizations: National Endowment for the Humanities

Application Deadline: Accepting Applications through September 18, 2024

Description: This program strengthens the institutional base of the humanities by funding operational assessments and strategic planning efforts to sustain and protect historical, cultural, educational, intellectual, and physical assets from the risks of climate change. Projects will result in a climate action, resilience, or adaptation plan including detailed assessments, measurable actions, and expected outcomes.

FY25 NOAA Marine Debris Removal under the Bipartisan Infrastructure Law: Department of Commerce

Application Deadline: Accepting Applications through January 31, 2025

Description: This funding opportunity requires a Letter of Intent (LOI) to be submitted to grants.marinedebris@noaa.gov for competitive review before a full proposal can be submitted. LOIs must be submitted no later than 11:59 p.m. Eastern time, September 27, 2024. If invited, full proposals must then be submitted in Grants.gov (<http://www.grants.gov>) and validated by eRA on or before 11:59 p.m. Eastern time, January 31, 2025. NOAA anticipates up to \$47,000,000 will be available for this grant solicitation. The minimum federal request for this solicitation is \$1,000,000. The maximum federal request is \$10,000,000. The typical funding request will range from \$2,000,000 to \$6,000,000. Proposals requesting over \$6,000,000 are expected to be proposals including a subaward competition for other organizations to identify and apply for funding for localized removal activities. Proposals requesting over \$6,000,000 solely identifying marine debris targets for direct removal organized by the applicant should provide a detailed justification for why this amount of funding is needed. The exact amount of funds to be awarded and the number of awards made will be at the discretion of NOAA following pre-award negotiations with highly meritorious applicants.

Fiscal Year 2024 Tribal Wetland Program Development Grants: Environmental Protection Agency

Application Deadline: Accepting Applications through October 1, 2024

Description: Tribal Wetland Program Development Grants (WPDGs) assist tribal governments and intertribal consortia to develop or refine tribal programs which protect, manage, and restore wetlands. All applications submitted under the funding opportunity must be for projects that develop or refine Tribal wetland programs. Tribes and intertribal consortia are eligible to compete under the funding opportunity. States, territories, interstate organizations, local governments, and nonprofit organizations are not eligible to compete. The goals of the wetland program include increasing the quantity and quality of wetlands in the U.S. by conserving and restoring wetland acreage and improving wetland condition. In pursuing these goals, the Environmental Protection Agency (EPA) seeks to develop the capacity of all levels of government to develop and/or refine effective, comprehensive programs for wetland protection and management. In addition to developing and/or refining wetland protection and management programs, the EPA seeks to build wetland programs that incorporate climate change and environmental justice considerations. Please see the funding opportunity for more information.
